

A PRAYER FOR THE HEALTH OF THE YOUNG THAT SUFFER
By Juliana Sunavsky, 2015

Dear God, the source of all health,
Fill our hearts with the healing power of Your faith,
so that we may experience the strength of well-being.
Send your Holy Spirit to bless all the suffering children in our world today.
Alleviate them of their sorrow and suffering.

Open the eyes of the world, so that we can clearly see medical injustices.
Give us the strength to fight for quality healthcare around the globe.
Make us generous and empathetic to the suffering of the young in need.

Open the minds and hearts of the medical professionals,
so that they may heal, through Your power, those that are in pain.
Let us bind together through these moments of suffering,
to create solutions that help Your children, O Lord.

Allow us to learn how to provide for all, and place our complete trust in You.
Heal and purify the bodies, minds and souls of the young that are suffering,
and give the gift of wisdom and love to the medical staff who care for the sick.
Fill our hearts with Your Spirit, and strengthen us in these trying times.
Amen
