

A PRAYER FOR THE ALBERTA WILDFIRES

by Christopher Sedgely, 2016

God, please help the people of this disaster to be okay,
and not hurt.

Please let those that did pass away go to Heaven to be with You.
Let us be able to recover, and treasure the things that we do have.

Thank you God for all that we have physically and spiritually.

Help us to learn how to be closer to You,
especially in times of need and sorrow.

Help us to keep strong, and be kind to others.

Let those that died be in peace,
and calm those that were affected or injured by the fire.

Please help the people wherever it is needed.

If needed, enable them to forgive themselves, and not be angry or in despair.

Let those who had to evacuate, be safe and not in danger or fear,
that they can go back to their daily lives after this settles down.

Thank you God for always being there for us.

Amen.
