

Help Us to Get Through Hard and Unfair Times

By Bryan Woodfine, 2016

Life has a habit of being cruel and unfair to good people.
Some people experience hardship each and every day.
Sometimes, good and innocent people struggle to make it
through each day

while bad or greedy people live happy lives.

God, help us remember that everything You do
is part of Your plan for us whether it is good or bad.

God please help lighten the burden of the people that are suffering.

God, no matter what Your plan for us is,
just please help us to get through it,
through the good and the bad.

Help everyone through hard times,

and continue to stand with us all the time to help guide us closer to You in Heaven.

Amen.
