

A PRAYER FOR PEACE

By Sean Bienhaus, 2019

Almighty Heavenly Father,
In a world filled with chaos, death, and destruction,
we pray for peace, life and restoration.
Overwhelm the greed and intolerance that fills this
world with compassion,
and guide our world to one of grace and harmony.
Shelter the millions in our world who are affected daily by the horrors of violence and
warfare.
Free the persecuted from persecution,
the oppressed from oppression,
the hated from hatred,
and the corrupted from their own corruption and evil.

Father,
guide those who have lost all they have due to the horrors of war, and bless them with
lives of security, peace, and stability.
We pray for peace, in every nation and community across your beautiful creation.
Let us, one day soon, put our selfish desires and feelings aside,
and act not out of hatred,
but out of pure unconditional love to each of our fellow men.

Father,
fill our souls with your limitless compassion and love,
and open our hearts up to all those who suffer around us.
Forgive the many people in our world who have given into evil and temptation,
and protect those who suffer as a result of it.
We ask You to guide these people away from evil and bring them all into Your
kingdom.

Father,
bless all the souls of this world and help us all to be the most peaceful and
compassionate humans we can be.

We ask this in Your name, our Lord,

Amen
